

# Avast Ultimate

The ultimate protection, privacy and performance  
— all in one box

## One bundle does it all

The world's largest threat-detection network, paired with machine-learning technology and behavioral analysis — this antivirus is not like the others.

## The ultimate in antivirus protection

Our most advanced antivirus is your lightest, toughest defence against viruses, ransomware, spyware, zero-second threats and more — and it protects your home network and webcam too.

## The ultimate in online privacy

Hide everything you do online from hackers, snoopers, trackers and advertisers under unbreakable, 256-bit bank-grade encryption, and enjoy your favorite content from all over the world — all with one click.

## The ultimate in convenience

We like your PC clean, fast and efficient. Speed up and revive your computer in minutes, and shorten your boot time, big time. Manage your accounts with just one password, and forget the rest. How's that for a start?

# Avast Ultimate

## What's in the box:

### Avast Premier Antivirus

Advanced protection for your PC and home Wi-Fi network. Includes Ransomware Shield technology that protects your photos and personal files from hijacking, and Webcam Shield to nip webcam spying in the bud.

### Avast SecureLine VPN

Browse, bank and shop online in complete privacy thanks to our 256-bit bank-grade encryption that keeps your activity hidden from hackers and curious agencies. Change your location and watch your favorite videos. All with one click.

### Avast Cleanup Premium

The ultimate PC junk blaster — speed up your PC in minutes with our advanced tune up tool, and enjoy extra convenient one-click maintenance and automatic daily cleanings. Shortcut, disk, and browser cleaner? All included.

### Avast Passwords Premium

Manage your accounts with just one password and zero hassle. Safely autofill and sync your login details across your devices, and let our Password Guardian keep an eye out for leaks. Then there's One-Touch Login — just tap your phone and go.

#### System Requirements:

##### Windows:

Processor Pentium 4, 1 GB RAM | 2.5 GB of free hard disk space  
Microsoft Windows XP SP3/Vista/7/8/8.1/10 (32/64 bit)
