

Jakub Kroustek

Threat Lab Team Lead, Avast

Jakub is Threat Lab Team Lead at Avast Software, and was AVG Virus Lab Team Lead before AVG was acquired by Avast.

Jakub is a passionate malware hunter and researcher with a love of reverse engineering. His expertise lies in ransomware, botnets, IoT hacking, darknet, and cryptocurrencies.

Jakub hates malware, but enjoys to analyze it and spread the word about his findings including presentations on conferences such as CARO.

He holds a Ph.D. degree in Computer Science and Engineering from the Brno University of Technology.
