

Shane McNamee

Chief Privacy Officer

Shane McNamee is Avast's Chief Privacy Officer. Mr. McNamee oversees the company's global privacy strategy and drives its privacy-by-design approach.

Shane McNamee has over seven years' experience in regulatory and digital policy, focusing on data protection and digital rights in a number of high-profile organizations, including the Irish Data Protection Commission. He has worked extensively on policy, research, and public awareness and has spoken and published on a range of complex topics including digital rights, fintech, software licensing, genetic research, and evolving and interconnected data protection regimes.

Mr. McNamee is a practicing barrister and holds a Master of Laws degree from the University of Edinburgh, and a Bachelor of Laws degree from Trinity College, Dublin.
